Hello all -

I am sure the city will have the funds transfered and the permit issues tomorrow, or today maybe?

I just want to make sure that there are barricades out there - currently I do not see any - in the am.

I understand that this is irregular, but I was not prepared to get a check down there today.

Please advise.

Thank

G

Hi All -

With the Sign Lighting coming up on Friday, I wanted to make sure that the permit is issued.

Please advise how the process stands regarding the Invoice and CD11.

Many thanks - as always to everyone for helping me.

I've been managing this on our end this morning.

Basically - approvals have been slow and I am making sure internally this is fixed for future events (and especially the winter sign lighting when we sit down)

Taylor/George, what do you think for certificates?

for their support:

Snap, Inc.

Venice Neighborhood Council

- VNC president is attending)

And in appreciation:

Venice Chamber of Commerce (or individual instead?) naming i, George Francisco,
and for leading the fundraising effort that made possible the restoration.

Also, i, Community Rep for SoCalGas, previously recognized with a certificate, will be attending the unveiling and should have a distinguished mention. The \$10,000 SoCalGas donated was the impetus that kick started this campaign.

Check out the attached press release.

George: I will forward a list of sponsors to recognize.

Program:

9:30 am - George to arrives - will arrange with Captain Choi to redirect traffic like what was done at the wreath ceremony. George to bring pa from VNC. Taylor to bring podium

10:00 am - set up and final coordination

10:30 am - program -

George to do welcome, sponsor recognition (\$2500 and above + generic thank you community contributions and intro's

will first introduce - VCC board member, Chair of the Chamber's Chamber in action committee and visionary for the restoration that was conceived 3 years ago, 2 years prior to the graffiti incident - 2-5 minutes -

George to introduce - SPARC - Social and Public Art Resource Center

George then to introduce Mike to do his thing and then photo op.

I'm going to hammer down our staff on this tomorrow morning. I was gone Thursday - Sunday but this shouldn't lag anymore. There is just confusion on how we use the Citywide event fund as it isn't something we usually utilize.

YES! I think I can advocate for more money from the City by utilizing the event fund. Maybe CD11 pays less (but the difference is more than made up from this fund) - the motion was introduced here after more staff wrangling than it should have taken! Since it is Citywide I want to funnel as much as possible into Venice - hence why the two added are my top priorities ;)

FYI - Mike plans on stopping by around 3pm. I told him about the success of last year's event and he agreed it would be a good chance to meet a lot of the local business community. I won't be staffing him as I have plans to be in Sacramento that time for something unrelated to my job - my colleague, Len Nguyen, will be staffing him instead. Mike will know plenty of the business owners and folks on his own though do you think you (or George) might be willing to introduce the Councilmember around? I understand if you are busy - Len could certainly manage. If you were, however, able to introduce him around he would get to meet more business owners; something i'm sure some of the participants might appreciate and certainly, Mike would.

Let me know! No biggie if you think you will be strapped!

Hi George, I just found out that I need to attend a meeting with the City Attorney regarding a deposition the following week. the only time we could do it was Monday afternoon. I have no idea when it might be over, but since it starts at 3, I don't think I'll be able to meet with you on Monday. I am sorry, is there another day to do it? Or can you meet with just Taylor?

Thank you

Of course we can, Taylor is always welcome in any of my meetings, in fact I may spend more time with him than any of his other Venice constituents. But my partner is going back to Vegas that night so there isnt an easy reschedule. Will Mike be around to say hello? In light of the scope and potential of the project, it would be nice for him to meet them, if to just shake hands and say hello.

Hey Noah,

Could you please check which streets that dead end into OFW (off Speedway) have no regular vehicular access? What I mean by that are we want to identify the handful of side streets which are not an emergency access way and do not have a garage or drive way or loading zone.

The intent is for consideration of closing those streets to install plazas.

Please add a column to this list for this question and designate which have no good cause for vehicle traffic (include ones that cars can do on but don't have any good reason like Dudley as a prime example).

Note, I have also just asked PD to go through and highlight the 5 streets (probably in yellow) that need to be left open for emergency vehicles and you can consider the other 8 "OPEN" streets to be in fact closed.

Thank you!

Hey Taylor,

I made a "Potential Plaza" column in the sheet here. There were four areas that fit your description that were large enough and don't have emergency access way and do not have a garage or drive way or loading zone. They are at Navy St., Dudley Ave., Park Ave, and Horizon Ave. I think these will work with the vision you have. let me know if you need anything else!

Thanks Noah!

George- Dudley and Horizon make especial sense because of the businesses there - I imagine this would create a respite point for people visiting OFW and could be a huge boon to the businesses on those streets. Horizon and Park would be more interesting experiments. The seniors at Navy might not like the attention on their street (or maybe they would) - maybe it would solve the problem of homeless people congregating on Fridays there (or make it worse). Park ave. is otherwise completely utilized and i'm not sure how a plaza would work there.

You are working with Dudley - could you target any chamber businesses on Horizon with this business opportunity? Jessie will be excited to work with them or anyone else on an application.

Hi Capt -

Sorry for the late shout out, but this came together somewhat suddenly.

One of the high ranking officials of VFW is planning to lay a wreath at the base of the vandalized POW Mural on Pacific Ave tomorrow.

In conjunction with the Chamber and Council Office, we would like to do a short speech and then have a photo op for the wreath laying and I am hoping you could provide a unit to divert traffic on the easternmost northbound lane of Pacific in front of the mural - (to :) from 11:15 to about 11:30.

Please let us know if this is possible.

Yeah - I sought clarity from our Leg Director on how an event gets "City-wide" status. I know we will need to demonstrate residents from 4 CDs attend and that it is managed by BOSS but beyond that I don't have all the details. I'm looking into this for Pride too - I want us to get more City event money pumped into Venice. Stay tuned for details on how we navigate that process.

Good news - it looks doable. That doesn't mean done deal but totally plausible - we need to do a motion in a politically tactful way that you will have to trust that I got strated!

Maybe the entire idea of Venice Sign Lighting events under my stewardship have become city and to some degree national events... Doors, Tommy Hilfiger used the Sign, the O'Venice Sign was featured on Ireland's top tourist site etc...

VNC Grant for Mural Restoration

15 messages

George Francisco <gianfrancisco@hotmail.com>

To: <[redacted]>, Taylor Bazley <taylor.bazley@lacity.org>

Hey Taylor, I

So the VNC is going to vote to approve 2500 for the mural shield top coat on Tuesday at the Board meeting.

Couple of things -

1. I need to have [redacted] or someone at Sparc to sign the application tomorrow in order for it to be approvable by the Board - I can come by Sparc - PAGE 4 of the application

2. I need to get Metro to sign and fill out the Permission to use the Property Sheet - this one I need help with - it can be just about anyone over there that is a site manager - PAGE 10.

I am happy to run around and get it done.

3. [redacted] one of our Board members has already started casting aspersions about this so having someone to present or speak for the project is worthwhile...I don't think we will have any trouble getting passed though.

Thanks

G

Metro Folks,

Happy President's Day! The ROE was already moving though the VNC needs some evidence of that or a sign off to indicate that SPARC has permission to restore the wall. Could one of you supply that ROE or George would you send them what they need to sign?

Thank you Taylor -

Attached are two docs -

1. Is the Application Signature sheet; no one signed it, so I need or someone from Sparc to sign the second line for "project Manager" - I will have a Board member sign the line above
2. The Right to use property - if we have another sheet or letter that can be sent to me from Metro, that should suffice.

It would be grea if I can get them before the Board meeting tomorrow.

Many thanks

Good Morning Taylor,

Thank you for your email.

Attached is Metro's Request to Use Metro Property application form. The form should be completed with the full scope of work, length of time permit is needed, work hours, who will be performing the work, etc. Also, include the name and title of person signing off on permit.

Once returned, I will review and advise if additional information is required.

If you have questions on completing the form, feel free to call me at (213) 922-5253 or reach out by email at dominguezd@metro.net.

This wasn't already handled? To make sure I was clear, this isn't a new request - it is associated with the SPARC request to gain access and repair the mural at the Venice bus yard. If that hasn't been processed yet that needs to be done ASAP by SPARC. Work was planned to start sooner than later. The VNC just needs something that says SPARC is allowed to do the work SPARC is getting a grant to do.

Metro told me SPARC hasn't yet submitted the requisite paperwork for the lot. Is that accurate? I know SPARC looped up with Metro a month ago and I assumed it had been submitted then. They know to look for this request and they are ready to process it - they just need that form sent in the previous email to be submitted and given to them.

Hi Taylor,

I hope all is well. I understand you spoke with [redacted] a few moments ago regarding the petitions and signatures for those businesses on [redacted]. I just wanted to follow up and share the breakdown of what has been completed.

All businesses were notified several weeks back via email by George and then directly with a follow up email by the event organizers.

In addition to that my team distributed road closure notification flyers to all impacted businesses and collected petition signatures. See attached flyer.

We understand we need 51% of signatures. See attached Priority List and a complete breakdown of who has and who has not signed off on these petitions.

Yeah, pissed off a handful of people and they can't make the threshold.. I called a few folks and they won't sign.. So I told them to go back over the list and see if there are any tenants they missed like who they missed, and get them to sign since they are not tainted and then maybe they can make the threshold by raising the overall numbers

That presumes that the Chamber can afford offices in Venice -

ust came up with another \$500. This is in addition to another contact of his, who donated \$1000 on the gofundme site!!

Thank you so much for your continued support and dedication to this project. You are truly amazing and we are incredibly grateful.

We are now only a couple hundred dollars shy of \$29,000!!

This includes the money Bonin promised, though I'm still waiting for the City to pay up.

As far as I know, we are still on target to start work on March 1st!

Daniel, good connecting with you yesterday over the 311 Community Walk in Venice! Attached is our logo. We want to be very supportive with this - getting more reporting on 311 would be huge at ensuring Venice gets adequately serviced.

George, we had talked about doing a door to door 311 push or some other campaign through the neighborhood committee. Coincidentally, the Mayor's Youth Council is organizing a canvassing and outreach campaign for exactly that on January 28 from 9:30am - 12:00pm at Oakwood. Would you be willing to send that out to the committee? I'm thinking members come, grab materials, get the training, participate, and then we support more canvasses in other neighborhoods organized by committee members.

Perfect - Daniel presented at the VNC last night though I want to underscore the importance of things like this. More 311 requests means more city services in Venice - I'd love for us to get even more focus on Venice.

Here is the map people were interested that I think capsulates neighborhood organization decently. It's not perfect because some areas don't quite fit but I tried to lump those into large enough sub areas (ex. Main north of rose might not fit or Venice north of rose might not be Oakwood or the silver triangle might not include that one complex with a small lake in the middle) but it's a decent approximation.

I think the only controversial piece would be 3rd & Rose and I pulled that area out because the neighborhood around 3rd is very organized through their direct exposure to homelessness on 3rd over the past half decade (or longer) and it made sense for me to recognize that organization.

Eco-Fest

Hey George &

The Chamber was the only group or person I recognized involved with Eco-Fest when I googled around. Does this festival still exist? The reason I am looking into this is because I am trying (emphasis on the attempt and no promise) to find a way to get the Holiday Sign Lighting, Venice Pride, and maybe the Venice Art Crawl or Cinco de Mayo a little City event funding.

Eco-Fest looks to still be on the event dolls as something the City will fund and I want to use removing that as a pretext to add something else. Can you confirm that this is not happening anymore? Also Venice Green Expo - who runs that? Did Eco-Fest turn into Green Expo?

Let me know!

Thanks,

Hey Taylor -

Good stuff

Do not think Eco Fest is a thing anymore.

The VNC runs the Green Expo but Eco Fest did not turn into Green Expo, Green Expo was an independent project cooked up by VNC Outreach Committee two years ago.

Let us know whatever we can do to help.

As little as I believe in Santa, I really think the Windward Historic Business area needs a really shot of Xmas cheer for the entire month of December; lights, hangy things, the whole shebang

Taylor:

Eco-Fest was before my time. However, what was left behind, substantial debt, including a balance due to Rec & Parks, was happening when I first started working with the Chamber back in 2010.

Eco-Fest was run by a Chamber member and the Chamber was the fiscal receiver. However, all of the safeguards we now have, were not employed back then. And there was no oversight or accountability.

I can find out more if need be. However, my impression is that there were many bridges burned by this person.

There is no way what happened then, will happen now. First, the Chamber now has an employed executive director (me!). Back then, the Chamber was operated only by volunteers. Also, we have considerable mechanisms in place to ensure that project spending does not occur until funding is secured. And, we now have reporting requirements, where back then the Chamber did not.

If you need more details, let me know.

Best,

So while we are going back and forth about the grant and city services reimbursement process - If you can get me tables, chairs and crowd control barricades and take it off my budget that would help -

The reason I am getting this out there is that it is time sensitive because I have to take them off my guy's truck order before he loads and if it's not all three then it isn't worth it.

I have on order for 40 tables, 100 chairs, 20 crowd control barricades.
Advise as you can.

Thanks
G

Tables and chairs no problem as I texted about - Nancy can get working on that.

I'm not sure about crowd control barricades - that is a new one for me. How much are those? That one would probably fall under the - cash money grant system we moved to (unless it could be under citywide event because lapd can bill you or something). Let me know the price of just the barriers!

Morning,

If you can provide 40 tables and 100 chairs delivered day of show and set up day of show I will remove them from my order with my vendor.

Tables must be standard wooden 6ft.

Chairs standard folding of any variety.

Please confirm.

Thank you.

Are you okay paying this for the Venice Light Ceremony 12/2?

(20) bike rack style barricades are \$15 each. \$300
30 tables \$6.30 \$189

100 chairs and 10 tables will come from GSD.

Let me know today, so I can submit the request to AAA rents.

I vote we just do it - we are already saving 4k relative to our contribution last year and George is in a real bind. He was fine with the Grant as negotiated but it sounds like expenses increased (as they tend to do) and some sponsorships he was optimistic about when I negotiated the grant didn't come to fruition and he is hurting.

TK said yes on another thread. Can you please pull the trigger on this? We are getting footed with a bill for moving bike share bikes too.... We will still be contributing \$2k less than last year but I don't like that George thinks we are an option of last resort when his sponsors don't pan out or unexpected costs arise. I am getting very firm with him that we will need to commit to a specific sponsorship amount and stick to that in the future....

100% agree - while we got our cost down substantially this year, he still came running when things fell through and it can't be expected that we will pick up the tab again. George has been texting me and I told him we will increase our sponsorship this year (per our emails) and for next year we need to figure out what sponsorship we will purchase for the event well in advance and can't be expected to fold extra costs into our budget last minute. We are on the same page.

So I want to start to work out how we are doing the grant for the Sign Lighting?

Do you want me to put a fixed number on it based on half the BOSS fees plus the historical staging cost?

Let me know what we are doing and how we are going to process it.

Thx!

Please advise - every time I turn around, another vendor literally jacks up my agreed upon price and I need as much cost certainty as I can get.

We had talked about \$2,500 which is all approved and secured. In addition to the city wide event fund and help with PD this seemed like a pretty significant involvement - certainly by far the most we give to any event in the district clear mile.

You said you were doing better than ever with sponsorships - will thingna pencil out?

Also - about to sit down and do your resolution and cert stuff today. To be clear and so I don't miss anything - what are the certs and resolutions you need?

Hello Rauhman and David!

I have attached a pdf of the lot closure and a half-assed render of how the barricades will look closing off Great White.

Am including Taylor on this for Council Office.

I will be pulling the permit this time thru the Venice Chamber of Commerce, so let me know the fee and I presume I will need the \$500 refundable deposit as well.

Put Dec 2 on your schedules.

Thanks

G

Good Morning George,

Hope you had a nice Halloween.

Wanted to follow up with you regarding the December 2, 2017 event at Lot

Just to make sure, the lot is only going to be used for self parking, correct?

Also, just to let you know, we won't be able to fully enact the permit until we have the map of how you plan to block off the lot approved by our engineers.

Let us know if you have any questions.

Best Regards,

Hey George,

The December 2, 2017 event on Lot will most likely be fine after we check in with the Council Office. Can you send us a plan (map) with the area you want to block off for our engineers and the Council Office to sign off on.

As for the s seating encroachment, I believe we have already approved it and are drafting a Revocable Permit.

Let me know if you have any other questions.

Always a pleasure,

Hey Rauhman -

Just a heads up regarding the date for this year's Sign Lighting.

Put it in your calendar for December 2nd.

I will be needing lot as I normally do.

I believe this year, we will be moving back from an official CD 11 event to it being a Chamber of Commerce event, so please prep the paperwork that way. Just want to stay ahead of things.

Couple of other items.

A new restaurant called opened up right there to the east of the Lot.

They are great operators and have taken a blight and infused it with energy and positive activity.

They are actively becoming part of the event and community and I am considering using the restaurant to add space for the backstage party - so two VIP parties people can go back and forth from.

Question: under my rental of the Lot, can I close off the sidewalk there (which I know isn't technically a sidewalk) with barricades to create more party space?

Secondly, I know the guys are going to be requesting a permit to use the space for seating and I can't endorse them enough.

If you have any say in the matter as it moves through channels, please take my endorsement to heart.

If you should want to meet the owners, just let me know.

Cheers brother!

G

Good Morning George,

Thank you for the aerial photo of the lot with the example of the closure. Our Engineering team has no issue with what you have shown.

We will have the fees for you early next week. Will definitely keep December 2 on the calendar, I know your events are always a good time.

Let us know if you have any other questions.

Reminder that the Citywide event fund will pay half of all these fees and you get the paperwork from Martha (CCed so she knows it is coming).

Excellent!

Martha - what is the process, do you intervene now? Do you reimburse the Chamber?

Are we doing a straight grant to the Chamber for half the total city fees and in lieu of the amount you used to allow for staging?

Thanks for all the support.

Please advise

G

Taylor let's talk about this some more as the sponsor is the Chamber not CD-11 this year and please include in your weekly today with details that Chamber is leading and if Mike still wants to sponsor nearly 5k as he has in the past...

Most likely yes but still we need his approval overall...unless you've already done this just ignore...

Happy Days...

To be clear - we added this to the Citywide event fund so he is referencing half the city fees from that fund - not our office budget. I have been working with Tricia so we don't pay \$6.5k but they still get a hefty level of support from us. I think we settled on paying half the city fees through the special event fund that doesn't affect our office budget and another \$2.5k as a contribution. This means we reduce our out of office contribution by \$4k from last year but still are giving a nearly comparable (though still less) level of financial support. As George has never been reimbursed through the Citywide event fund (because we never made good use of it) he is inquiring to that process.

I just re-read this after MJ and I talked about it. To confirm, TB are you saying the plan is to pay the following:

1. Half the City fees - which will come from the Citywide special event fund (do you know what this amount will be)

PLUS

2. \$2500 in a contribution from our office budget/GCP money?

Thanks!

Right, the City fees are less than I had hoped so the support he is getting from the Citywide event fund is a lot less than he received from our office last year. In an attempt to reduce our office commitment while not pulling out too much from the event (as we discussed in our meeting) we would need to give a donation.

To be clear, George got the following commitment from us last year:

4970 to AAA for staging, chairs, and tables
1047 for BOSS fees (though typically it is ~\$1,400)
274 for DOT

Totally about \$6,300 out of our budget last year

Half the DOT and BOSS fees will be in the neighborhood of \$950. LAPD will likely charge them this year and that is an unknown amount but half of that would be covered by the fee, lets assume a thousand for the sake of conversation, bringing the total estimated contribution from the Citywide event fund to ~\$2k which is \$4,300 less than the City contribution last year hence an additional donation to get us in the same universe of commitment which would still be a 29% reduction in City support and a 60% reduction to the cost from our CD11 budget. Not having to go through AAA (what we required before) and getting more flexible sponsorship dollars represents a financial benefit to George so the gulf is further reduced. This means we save 60% relative to our commitment from last year and the sign lighting only takes a hopefully marginal hit; win-win.

If we want to just give him like \$2k or something... I would just recommend not getting too low too quick both for the sake of the well-attended event and also so he doesn't get a new emcee or whatever else.
